FOR WEAK, SOUR, GASSY STOMACHS

It's torture to sit down to a well filled dinner table and know that you eat what you want means misery afterwards. Eat ever so little of the forbidden foods and you have to take soda, mints, peppin pills or other artificial digestants to stop the bloating, heart burn, sourness, gas and stomach lump that always follows. But the more of them you take the more you must and soon the pills become a part of your regular diet. You think you can not eat without them, but you can.

There is an old time stomach prescription called M-I-O-N-A Stomach Tablets. It stimulates the stomach itself and not on the food. One or two M-I-O-N-A tablets after each meal not only prevents all stomach distress, but stimulates healthy natural flow of digestive juices, strengthens the muscular walls and makes the stomach strong enough to do its own work and that's the only way to stop indigestion. Lee & Osgood Co. and other dealers sell M-I-O-N-A on a guarantee of quick relief or money back. Get a package of M-I-O-N-A, keep it handy and watch your stomach ills get out for good.
